

I was introduced to the PEMF100 after suffering a dislocated shoulder during a snowboarding accident. Skeptical as I am, I was not sure what to expect. After only my first treatment I noticed incredible results with my pain level as well as my range of motion. I was so impressed with this I introduce it to my wife who used it on her jaw with great results. Since then we have not only used it on ourselves, our friends and family members but have tried it on some of our horses with amazing results. During the 2007 PBR season my good friend Justin McBride suffered a devastating injury to his shoulder and was told his season was over. I brought the machine to him to try and within a month he was back riding his way to another PBR World Championship.

SID STEINER

2002 National Finals Rodeo

PRCA World Champion Steer Wrestler

I was first introduced to the PEMF100 by a good friend. Being a competitive athlete I thought let's give it a try After my first time I was really impressed with how loose and pain free it made me feel. I immediately told my coaches about it and set a time for it to be introduced to the coaches and fellow athletes. Everyone was impressed and it has become a regular therapeutic modality. I would recommend the PEMF100 to all athletes and anyone who suffers from pain and range of motion problems.

Brendan Hansen  
U.S. Olympic Swimming Gold Medalist

**Hermann Maier – Ski Champion**

“No one expected him to walk again – let alone ski competitively. Winning world class races was never even considered. From now on, I’m treating every member of the team with PEMF Therapy.” - **Heini Bergmuller, Austrian Ski Team Manager**

*“PEMF Therapy helped with my recent groin injury. After just two treatments, the pain and swelling were gone, and I was able to move freely. This thing really works!”*

**Paul Byrd**  
MLB Pitcher

*“My body has plenty of wear and tear from old boxing injuries. PEMF Therapy really helped the pain in my shoulder and fists. It made my body feel a whole lot better. I plan to continue using the device on myself and on all of my boxers as well.”*

**Carlos Palomino**  
Boxing Promoter, Former Lightweight Champion

*“This thing is really good for my shoulder and hamstring. It also helped my after-game soreness. When it goes right to the pain, I know it is working.”*

**Garrison Hearst**  
NFL Running Back

### **James "Lights Out" Toney defeats Holyfield!**

James "Lights Out" Toney was named 2003 "Fighter of the Year" by both The Ring magazine and the Boxing Writers Association of America. He defeated both cruiserweight champion Vassiliy Jirov and heavyweight legend Evander Holyfield in becoming a three-division world champion. Toney received 20 PEMF Therapy sessions before his bout with Holyfield.

"The Machine is so popular I have to wait in line to use. It's God's little miracle in a box."  
- **Ron Stone, Guard**

"Normally, I don't like stuff in the training room. After 5 minutes of treatment, I feel a lot better."  
- **John Keith, Safety**

"I had a real sore heel. After one treatment I said, "What did you do? My heel never felt this good!" I noticed a major difference the next morning after treatment."  
- **Terrell Owens, Wide Receiver**

“This thing really works!”

- **Bryant Young**, *Defensive Tackle*

“I gotta fight to get on the machine to enjoy it. It helps relieve my foot pain.”

- **Anthony Adams**, *Defensive Tackle*

“Every time I use it my knee feels better.”

- **Travis Kirschke**, *Defensive Tackle*

“It’s a great invention.”

- **Jamie Winborn**, *Linebacker*

“Makes me feel loose and warmed up.”

- **Terry Jackson**, *Fullback*

“As an NFL linebacker I am constantly dealing with pain. This therapy has helped tremendously with the management and relief of my pain.”

- **Jeff Ulbrich**, *Linebacker*

“My experience with it gives me pain relief.”

- **Jason Webster**, *Cornerback*

“My name is Lee Ramage. I am a former professional motocross racer. There aren't too many sports that beat up and damage an athlete as badly as motocross racing. I am no exception. Five years ago I came up short on a double jump. I landed so hard that the foot pegs broke off my motorcycle. The impact forced my femur to crush the lower half of my knee called the tibia plateau, fracturing it in multiple places. The doctor that performed the surgery considered amputating my leg just below the knee. Thankfully he was able to save my leg with a superb reconstruction. Since the surgery I have been in pain on a daily basis, some days worse than others. I don't complain because I can walk without the assistance of a prosthesis. The injury did keep me from running or jumping so much of my life since has been limited. I was introduced to the PEMF-100 on December 6, 2008. As the science of the device was explained to me, and how I could become pain free from the therapy, I couldn't help but be skeptical. After all, an orthopedic surgeon couldn't make me pain free, how could this machine. I had nothing to lose so I tried it.

After the first 12-minute session, I was in fact pain free! For the first time in 5 years I could run, sprint and jump without limitation. After approximately 2 hours I began to feel pain again; however it was still at least 50% better. The next day I received another 12-minute session. I became pain free immediately and this time it has been permanent. As I write this testimony it is 4 days later and still no pain. I have visited two therapists in the last couple days that know me and of my injury. Both saw me do one-legged squats on my injured leg and were amazed. Obviously, both want the PEMF-100 machine now. I highly recommend anyone with any type of ailment to seek out this machine.”

- **Lee Ramage**, former Professional Motocross Racer

**J.D. Drew**

Boston Red Sox Right Fielder  
Second Overall Pick in the MLB 1997 Draft

**Ahmed Plummer**

Cornerback  
Ohio State University  
San Francisco 49ers  
6-Year Pro Career-Retired

**Phil Clahar, aka: The Jamaican Tank**  
2008 Mr. Florida, 2009 Mr. Jamaica

**B.J. Penn**  
**"The Prodigy"**  
Ultimate Fighting Championship  
Lightweight Champion

**George Perles** was treated by the Pulsed Magnetics Team, and was amazed at the outcome. George is a Michigan State University coaching legend with a career record of 68 wins and took the Spartans into many bowl games: The Cherry, Rose, Gator, Aloha, Sun and Liberty bowls. As the Pittsburgh Steelers Coach, George recorded Super Bowl Championship wins in Super Bowl IX, X, XIII, and XIV. George helped introduce the Pulsed Magnetics Team to the 2009 Spartans who are experiencing great success with our machine.

Now let us ask you this: If this machine is good enough for the Spartans, then isn't your team as important, and deserve a look. Contact us for a free visit and treatment for your team.

6'6" 355 pound NAS Strongman Competitor, **Jason Pyles**, is getting ready for Nationals. Jason owns "JP's Gym in Mt. Pleasant, MI.

"This machine is amazing, I have treated my lower back, elbows, calf and shoulders, and it allows me to continue to train hard."

Michigan State Arm wrestling champ **Nick Hill** treats his elbow before competition.

**Cobra Rhodes**, 16 time World Arm Wrestling Champion liked the way his treatment felt.

**Josh McMillan** is ranked in the top 5 in the world for the 275 lb. weight class with a recorded a 771 lb. bench press and he has nailed 801 lbs. in training. Josh has squatted 826 lbs. and just recorded an 804 lb. dead lift! He works hard enough to cause forearm splints in both arms. Josh is sponsored by Elite Fitness, and you can read more about him and elite fitness equipment at [www.elitefts.com](http://www.elitefts.com).

**Dennis Szczepanski** fell on his arm 10 years ago, and re-injured it a year ago. As a left handed pitcher, those days were done. It has a constant pain of 5 on the 10 point scale and when he works out, it quickly climbs to 10. After his treatments, his pain is 0 (zero) and he is able to bench. The pain comes back a little after his work outs, but only minimal. "I just can't believe it, this thing works" Dennis treats once a week at Smitty's gym in Midland, MI.

**Matt Smith**, owner of Smitty's Gym in Midland, MI. gets his elbow treated prior to the "King of the Mountain" Strongman contest sponsored by JP's gym in Mt. Pleasant, MI.
